

## East Hagbourne Neighbourhood Plan

### Declaration of interests for members of the Steering Group and Community Group

Thank you for participating in the Steering Group or Community Group for our Neighbourhood Plan. Our task is to carry out an objective evaluation of potential building sites within our parish and then make a recommendation on which site(s) to include in our Neighbourhood Plan.

Our code of conduct explains that in our Neighborhood Plan activities we are expected to act in the best interested of the community.

As local residents it is most likely that we or our families will have a financial interest in land somewhere in the parish. In addition, we could be affected by developments close to where we live.

In the interests of transparency all members are asked to please fill our this simple declaration of interests which they or close members of their family may have.

<b>Surname</b>	Barmer
<b>First Name</b>	Andrew
